How Your Health Plan Works

What you pay for covered services is based on an "allowed amount." This is a lower cost we have negotiated with in-network providers.

Copay

For some health care services you'll pay a flat fee, usually at the time you receive the care.

Deductible

The dollar amount that you must pay each year before we begin to pay for certain health care services. You pay the plan deductible first, then coinsurance (%) may apply.

In-network
\$0

Out-of-network
Not covered

Coinsurance (%)

The percentage (%) you may pay for services **after** you meet the deductible.

In-network

Out-of-network

Out-of-Pocket Maximum

This is the most you pay for covered health care services during your plan's calendar year. All of your covered expenses go toward this maximum. Once you reach the maximum, your plan pays 100% for covered services.

In-network
\$2,000 per person
\$4,000 per family

Out-of-network

Important: To ensure quality care and to help you get the most value from your plan benefits, **you need to get an approval** from Florida Blue HMO for certain services before your appointment or you'll have to **pay the entire cost** for the service. **Before an appointment**, visit [FloridaBlue.com/Authorization](https://www.floridablue.com/Authorization) or call the toll-free number on your member ID card to see if a prior approval is needed and your next steps. Other services **that require your participating provider to obtain an approval** can include: behavioral health services, hospitalization, rehabilitation services, home care, select DME and cardiac nuclear medicine studies, etc.

👤 What You'll Pay In-network

Costs shown are for in-network providers. BlueCare is one of our networks made up of independent contracted hospitals, physicians and ancillary providers who are considered in-network for your BlueCare health plan. Out-of-network services are not covered (except for emergency services).

TIP: Choose your Primary Care Physician (PCP) when you enroll, or we'll choose one for you. You can easily change your PCP at any time, or find other network providers, by logging in to your account at [FloridaBlue.com](https://www.floridablue.com).

TIP: The Blue Physician Recognition (BPR) designation means the physician has demonstrated a commitment to delivering quality and patient-centered care by participating in one of the following Florida Blue HMO programs: Patient Centered Medical Home (PCMH), Comprehensive Primary Care (CP2) or an Accountable Care arrangement. The BPR designation does not serve as a measure of the quality of care provided by a physician or whether the physician will meet your particular healthcare needs. Absence of a BPR icon does not mean the physician is of low quality. It simply means that the physician does not participate in one of these programs.
